

# Products & Solutions for Industry

Bearings & Housings | Belts & Pulleys | Chains & Sprockets | Couplings & Drives  
Linear Systems & Automation | Maintenance Equipment | Lubrication

# Why Choose ACORN®

## Fast, reliable service & supply

ACORN provides a high-quality, personal service alongside a fast supply of industrial products. Part of our service includes a same-day despatch service on all 7 million stocked engineering components.

## Dedicated Product Divisions

ACORN has 5 dedicated Product Managers that cover our 5 key business areas: Bearings, Power Transmission, Couplings & Drives, Linear & Automation and Lubrication. Alongside our Product Managers, we also have two dedicated product divisions for Couplings & Drives and Linear Systems - both are on hand to answer any technical queries you may have.
