

#### Description

Airline Oil is a food grade, non-toxic lubricant developed for pneumatic airline systems used on food, drink and pharmaceutical processing and packaging equipment. Also suitable for other compressed air systems where a clean, non-staining product is desired.

#### Benefits & Features

- NSF H1 Certified for Incidental Food Contact
- Low coefficient of friction provides excellent lubrication and reduces wear
- Clean and non-staining features keep rejects to a minimum
- Protects against air moisture and provides a high degree of internal corrosion protection
- Reduces residue and scum build-up extending maintenance intervals
- Overcomes difficulties associated with vane scorching

#### Directions for Use

Airline Oil FS is suitable for all types of pneumatic airline installations. Follow manufacturer's instructions. Where application is made manually, Airline Oil FS needs to be applied daily and reapplied just before equipment is shut down.

#### Technical Data

Category:	H1 – Lubricants with incidental contact
NSF Registration No:	162787
Allergens:	Does not contain allergens, genetically modified ingredients, nut oil or derivatives.
Appearance:	Clear fluid
Base Oil:	Synthetic oil
Viscosity:	ISO grade 22
Specific Gravity:	0.85
Flash Point (COC):	>150
Solubility:	Insoluble in water
Operating Temperature Range:	-20° to 150°C
Pack Sizes:	5 Ltr (Other sizes available on request)
