

#### Description

Water resistant grease for use in industrial and marine applications. A premium quality, water resistant grease for use in industrial and marine applications where the presence of water and humid atmospheres can effect lubricating performance and be detrimental to the protection of parts from corrosion. TG7204 is suitable for plain and anti-friction bearings.

#### Benefits & Features

- High degree of water resistance
- Excellent corrosion protection
- Good sealing properties

#### Directions for Use

Apply by standard grease gun or via a central lubrication system capable of pumping NLGI 2 greases.

#### Technical Data

Appearance:	Smooth brown odourless grease
NLGI Classification:	2
Base Oil:	Highly refined mineral oil
Base Oil Viscosity:	100cSt @ 40°C
Thickener:	Calcium 12 hydroxy stearate
Worked Penetration:	265 to 295
Water Washout:	2@
Relative Density:	0.93
Solubility:	Insoluble in water
Dropping Point:	140°C minimum
Temperature Range:	-20 to 110°C
Oil Separation:	3% max @40°C for 7 days
Pack Size:	12 x 500g tubs
