

Description

A specially developed multi-purpose lithium complex grease for lubricating all anti-friction and plain bearings for use in industrial and automotive applications. The grease has shown exceptional performance providing extended lubrication intervals over a wide operating temperature range.

Benefits & Features

- Excellent extreme pressure and anti-wear performance
- High degree of corrosion protection
- Highly versatile multi purpose grease
- Good mechanical stability extends lubrication intervals

Directions for Use

Apply by grease gun, manually or by centralised pumping system capable of conveying NLGI 2 greases.

Technical Data

Appearance:	Smooth red grease
NLGI Classification:	2
Base Oil:	Solvent refined mineral
Base Oil Viscosity:	oil 100cSt
Thickener:	Lithium complex
Worked Penetration:	220-250
Welding Load:	310kg
Copper Corrosion:	1a
Water Washout:	3.5% @ 38°C
Drop Point:	>180°
Temperature Range:	-10 to 130°C
Oil Separation:	3.1%
Timken OK Load:	29kg
Pack Sizes:	1 x 12.5kg
