

#### Description

Looz-n-It Penetrating Oil is a premium release fluid providing a powerful penetrating action which releases and lubricates metal components which have seized through corrosion, remaining effective even under water. Giving effective penetration and lubrication without damaging paintwork, it also actively displaces moisture and does not dry off.

#### Benefits & Features

- Fast penetration of rust and corrosion deposits
- Works effectively in wet and damp conditions
- Water repellent
- Displaces moisture
- Excellent lubrication properties
- Cleans and degreases
- Removes moisture from ignition systems

#### Directions for Use

Consult the safety data sheet prior to use. For best results, clean the area of dirt, water and grime. Shake can well before use and spray directly onto component from a distance of 20 to 30cm, ensuring even coverage. Remove excess with a cloth. Heavily corroded components may require soaking. This Aerosol should be stored out of direct sunlight and below 50°C.

#### Technical Data

Appearance:	Pale Yellow liquid
Odour:	Characteristic odour
Contents:	Propane/Butane
Flash Point:	-60°C
Solubility:	Insoluble in water
Temperature Range:	Designed for use at ambient temperatures
Relative Density:	0.85
Flammability:	Extremely Flammable
Health & Safety:	Consult Safety Data Sheet (available at <a href="http://tygrisindustrial.com">tygrisindustrial.com</a> )
Storage:	Out of direct sunlight and below 50°C
Pack Size:	12 x 400ml aerosols
